OFFICER T. McDonald, et al,

Defendants

CASE # 5:04cv165-RH/WCS

OBJECTION TO THE PROPOSED FINDINGS

The Plaintiff, RAMON ARMAS BORRERO JR objects to the courts findings in a Report and Recommendation filed July 22, 2004 on the following grounds:

- 1) The ^(RB) Plaintiff did not ask to proceed in forma pauperis. The Plaintiff filed a Prisoner Consent Form and Financial Certificate so that the court could automatically take the \$150.00 dollar filing fee from his account. The Plaintiff still consents for the court to extract the \$150.00 dollar filing fee.
- 2) The Plaintiff ^{requests} in case that the court does not except his consent form, requests the Name to which the check must be made out to. In addition the plaintiff requests for an extension to the time which he was given to pay the filing fee due to the fact that there is a procedure in his prison which he must go through which takes up to 45 days.

The Plaintiff either ~~or~~ seeks either for the money filing fee to be taken out of his account directly by the ~~court~~ court or for an extension to the time limit given with instructions as to who who to make the check out to.

I Herby Certify that the foregoing document has been ~~delivered~~ delivered into the hands of A PRISON OFFICIAL for mailing on:
